Re: Draft FY23-24 Levy Ordinance / Long Range Financial Projections, Fall 2023

To assist the board and staff in preparing for the FY23-24 levy for library purposes, the library has again retained the services of PMA Securities for financial consulting. We initiated these services in 2021, establishing a relationship with Andrew Kim, Director of Public Finance at PMA, to provide us with valuable perspective on how short term decisions with single fiscal year activities can have measurable impacts in our long range projections. We've brought Mr. Kim back to the library this fall to continue this work.

Following our engagement with PMA in August, Trustees Sommer and O'Keefe met with me and Mr. Kim to explore various scenarios for this fall's levy. Based on our review of the prior 2 fiscal year levies and long range projection studies, Mr. Kim developed the 3 most viable scenarios for ensuring fidelity to the library's mission while maintaining appropriate stewardship of the community's property tax investment in the library district:

- Flat (zero dollar increase over FY22-23 levy),
- Middle (3.5% increase), and
- Maximum (5% increase)

On Thursday, October 5, the Finance Committee met to explore these scenarios. Mr. Kim was present via Zoom to introduce, explain the methodology and assumptions, and take questions. Based upon our review of this information, the committee unanimously agreed to proceed with the maximum scenario (attached, and updated from the materials provided for the October 5 meeting) for calculating this fall's levy documentation.

On Tuesday, October 17, at the Regular Meeting of the Board, Trustees again discussed their review of these 3 levy scenarios for fall 2023, and analyzed the long range impact of the levy decision to the overall financial health of the library. The Board recognized that while the library is currently in compliance with its Fund Balance Policy (retaining 6 months to 1 year of operating revenue in reserve), it's clear that with deficit spending planned for the foreseeable future, the library district will exhaust its entire fund balance in approximately

10 years unless the Board takes action each year to ensure appropriate funding levels. As a result of this fact and the long range study, the Board has built consensus around a 4.9% increase over last year's (FY22-23) levy extension, and reinforced that consensus at that meeting.

Introductory information and background scenarios leading to the proposed levy are again appended to this month's board packet, as they were to the prior Regular Meeting and Finance Committee materials earlier this fall.

With the 2022 tax bills now distributed by Cook County, we have also appended five years' worth of local property tax bill data (generalized to those Wilmette residents in School District 39), including the library's tax rate, and respective portion of overall tax bills.

The attached draft of the FY23-24 levy for library purposes (Ordinance No. 2023/24-210, An Ordinance Levying Taxes for Library Purposes for the Fiscal Year 2023/24, for a total of \$6,222,700) remains unchanged from last month's materials, and is based upon a 4.9% increase over last year's (FY22-23) levy extension.
